Students in all graduate level teacher education programs must schedule their coursework each semester with approval of their faculty advisors.

Alabama Class A Professional Educator Certification Requirements

Issuance of Alabama professional educator certificates is the legal responsibility of the Alabama State Department of Education. Universities cannot issue a professional certificate. To be eligible to apply for certification, a student must complete an appropriate program of study at a college or university which has been approved by the State Board of Education to offer a program leading to the desired certificate. When a student completes the program of study, the institution recommends to the State Department of Education that the appropriate certificate be issued.

- Alabama State Department of Education regulations are subject to change; therefore, it is recommended that students apply for certification upon graduation. During their last semester of coursework, students should contact the Certification Office of the Department of Accreditation, Certification and Partnership Initiatives, CEPS Complex, Pod 4, Room 405, for information about this process. The university cannot recommend any student for certification who has not satisfied all state and university requirements for admission to and completion of an approved program.
- Recommendation for certification must be made within 60 months of program completion. Recommendation after 60 months requires completion of current program requirements.
