

BUSINESS ADMINISTRATION

Interim Director, Graduate Business Programs: Dr. William Hankins,
whankins@jsu.edu

The College of Business and Industry offers courses leading to the Master of Business Administration (MBA). The CBI also offers the MBA with a concentration in Accounting.

The college is accredited by AACSB International - Association to Advance Collegiate Schools of Business.

Research opportunities are available to graduate students under the supervision of the college's faculty members. Real-world case studies are available through the college's Small Business Development Center (<http://www.jsusbdc.com/>), and internships enable students to acquire on-the-job work experience.
