

SOCIAL WORK (SW)

SW 500 Social Work Ethics and Professional Development (3)

Prerequisite(s): Admission to MSW program.

This course examines the issues of social work professionalism, the process of becoming a social work professional and the exploration of ethical challenges within the profession. The course focuses on acquiring and practicing the skills of ethical decision-making, including values clarification, utilization of codes of ethics and ethical analysis. Topics also include: philosophy and history of the profession, licensure, human rights and social justice.

SW 501 Grant Writing, Fundraising, and Financial Management (3)

Prerequisite(s): Graduate Standing.

This course includes skill building for assessing organizational financial resources, including how to repackage or expand revenue streams. Skill development is emphasized in areas such as grant seeking, proposal writing, service contracting, donor development, direct solicitation of gifts, and planning of fundraising events. This course will also address consumer and third-party fee setting and collection, outsourcing, and income investment.

SW 505 Generalist Practice with Individuals (3)

Prerequisite(s): degree admission to MSW program.

Course provides foundation content in the knowledge and skills for strengths-based generalist social work practice with individuals. Students will begin to acquire generalist social work practice skills and an identity with the social work profession.

SW 506 Generalist Practice with Families and Groups (3)

Prerequisite(s): degree admission to MSW program.

Course provides foundation content in the knowledge and skills for strengths-based generalist social work practice with families and groups. Family assessments and interventions and group practice issues will be examined.

SW 507 Generalist Practice with Organizations and Communities (3)

Prerequisite(s): degree admission to MSW program.

Course provides foundation content emphasizing developing generalist knowledge and skills for strengths-based generalist social work practice at the group, organizational, community and societal levels.

SW 510 Social Welfare Policies, Programs, and Analysis (3)

Prerequisite(s): Admission to the MSW program.

The course includes an introduction to U.S. social welfare systems and the role of the social work profession in affecting change in social welfare policies and programs. The course also examines the evaluation/analysis of social programs and program/policy effectiveness. The course includes a review of both historical and current perspectives of the U.S. social welfare system. Student membership in the National Rural Social Work Caucus is required.

SW 512 Cultural Competence for Generalist Practice (3)

Prerequisite(s): degree admission to MSW program.

Students will examine the impact of culture, race and ethnicity on client/worker interactions. The course presents practice theories and interventions for culturally competent advanced generalist practice with different populations. Students will develop essential knowledge, awareness, and skills to support culturally competent social work practice. Concepts related to the promotion of social and economic justice are emphasized. Topics include power, privilege, oppression, rural myths and stereotypes, and community self-concept.

SW 514 Social Work Research and Evidence Based Practice (3)

Prerequisite(s): SW 518, SW 519 or MSW Advanced Standing Status.

This course is designed to enhance student competence in the integrated use of research and information technologies for knowledge building in social work practice. Students extend their skills in their understanding and use of quantitative and qualitative research methods. Students will build upon their knowledge of evidence-based practice, including skills needed to identify, implement, and assess appropriate interventions for practice across client system levels.

SW 516 Crisis Intervention & Trauma Management (3)

Prerequisite(s): Graduate standing.

Admission to the MSW program. This course examines social work practice theories and intervention approaches and skills as they apply to practice with survivors of various forms of traumatic life events. Students will be able to apply theory to intervention techniques. Participants will learn the fundamentals of trauma and traumatic stress, and a general understanding of the implications of crisis intervention techniques to modify manage, and cope with trauma.

SW 518 Human Behavior and the Social Environment I (3)

Prerequisite(s): degree admission to MSW program.

This course explores the basic concepts and theories that explain the development of personality and social behavior within a social systems framework. Attention is given to the impact of bio-psycho-social-cultural factors on individuals, small groups, and the family. This course examines behavior within the context of individuals, families, groups, organizations, communities, and cultures and the core theories that guide social work practice.

SW 519 Human Behavior and the Social Environment II (3)

Prerequisite(s): SW 518.

This course provides students with core knowledge of theory pertaining to broad social units (i.e., the work place, organizations, institutions, ideologies, the world views, etc.). The course utilizes a systems framework and emphasizes the themes of advocacy, empowerment and planned-change in exploring various theoretical orientations to the study of human behavior in organizations, communities and society.
