The office's International Social Work Degree Recognition and Evaluation Service (ISWDRES) recognizes academic credentials in social work that are comparable to accredited baccalaureate and master's degrees in social work in the United States. Recognition is necessary to establish qualifications for employment, graduate school admission, membership in the National Association of Social Workers, state licensing, and/or certification. Recognition is based on the general comparability of the program objectives (as stated in the program catalog or program's official memorandum) and level of the applicant's social work education to social work education in the United States.

## Admission Requirements for the Master of Social Work

### Two-Year Traditional Program

Applicants for the MSW Two-Year Traditional Program must have a four-year degree from an accredited college or university with a liberal arts background, which provides preparation in the social sciences (12 hours minimum) and a curriculum that includes literature, biological and/or physical sciences, psychology, and math.

The Two-Year Traditional Program is for students who:

1. Have an undergraduate social work degree from a BSW program not accredited by CSWE,
2. Have an undergraduate degree in a field other than social work,

3. Have an undergraduate social work degree from a BSW program accredited by CSWE, but do not meet the admissions criteria for the One-Year Advanced Standing Program, or
4. Meet the admissions criteria for the university and the MSW Two-Year Traditional Program.

The MSW Admissions Committee will review all application and admission requirements. Admission to the MSW program is determined on a selective basis. Meeting the minimum standards for consideration for admission does not guarantee admission to the MSW program. The MSW Admissions Committee may request a personal interview with applicants when deemed necessary for application evaluation.

*Note:* The MSW Admissions Committee reserves the right to make exceptions to admissions requirements.

### One-Year Advanced Standing Program

Applicants for the MSW One-Year Advanced Standing Program must have an undergraduate degree in social work from a program accredited by the CSWE.

The One Year Advanced Standing Program is for students who:

1. Have an undergraduate degree in social work from a program accredited by CSWE, and
2. Meet the admissions criteria for the university and the MSW One-Year Advanced Standing Program.

Applicants must have a grade of "B" (3.00) or better in their BSW internship/field/practicum education and provide a copy of their previous internship/field/practicum evaluation indicating the number of hours completed successfully. If the student is unable to obtain a copy of the internship/field/practicum evaluation, a statement from the institution indicating the number of hours successfully completed may be submitted (this can be a copy of the page of the course catalog from the university attended that documents required number of internship/field/practicum hours).

Applicants should have earned their BSW degree within seven years from the academic year of graduation to the academic year of enrollment. Applicants who have graduated more than seven years prior to the date of requested enrollment may be evaluated on an individual basis and considered for admission with advanced standing if consistently employed in a social work role and are practicing as a licensed baccalaureate social worker in their state of residence if this credential is available.

The MSW Admissions Committee will review all application and admission requirements. Admission to the MSW program is determined on a selective basis. Meeting the minimum standards for consideration for admission does not guarantee admission to the MSW program. The MSW Admissions Committee may request a personal interview with applicants when deemed necessary for application evaluation.

*Note:* The MSW Admissions Committee reserves the right to make exceptions to admissions requirements.

### Unconditional Admission

- Applicants must have a minimum overall undergraduate GPA of at least 2.50 on a 4.00 scale with at least a 3.00 in the last 60 hours of the undergraduate degree.

### Conditional Admission

- Conditional admission requires the recommendation of the MSW Admissions Committee and approval of the MSW Program Coordinator and/or Chair of the Social Work Department and by the Graduate School. Students are only admitted by this option if there are spaces available in the MSW program. Conditional admission status will be reviewed and may be removed upon completion of twelve (12) hours of graduate coursework with a GPA of 3.00 or higher.

**Applicants who are granted conditional admission must achieve a GPA of at least 3.00 on the first 12 graduate hours attempted. Failure to meet these conditions will result in the student being dropped from graduate studies.**
