

JAX MIX CROSSWALK TO ALABAMA TRANSFERS REQUIREMENTS

Jacksonville State University’s signature general education, Jax MIX, requires students to complete all state-mandated general studies coursework in areas I-IV while offering students focus options and badged microcredentials. Transfer students may use general education courses completed elsewhere to satisfy the coursework requirements for a focus and/or badge. Courses that are the same as or equivalent to JSU courses included in a Focus will count. Students who have completed other courses, such as in philosophy, ethics, foreign languages, multiculturalism, may contact the Jax MIX director for assistance. The crosswalk below explains Jax MIX in terms of the state’s program.
