Accredited by the National Association of Schools of Art and Design

The Department of Art and Design prepares students for careers in fine art, visual design, and art history. The experience within the department is designed to increase the student's understanding of the visual arts, past and present, and to aid in the development of the student's creative abilities in the visual arts. The purpose of the department is to develop the professional artist and art historian and to offer courses for self-enrichment for the general student. Students majoring in art may select a degree program leading to a Bachelor of Arts degree in Studio Art, a Bachelor of Arts degree in Art History, or a Bachelor of Fine Arts degree with a studio concentration. Studio concentrations are offered in ceramics, graphic design, illustration, painting, printmaking, and photography.
