

INDUSTRIAL LEADERSHIP MICROCREDENTIAL

The microcredential in Industrial Leadership is a 9-semester hour program that provides manufacturing employees with the skills and knowledge necessary for effective industrial workplace supervision, development of teams, conflict resolution, and effective workplace communication.

Individuals who complete the microcredential may apply the coursework toward the Industrial Leadership major.

Requirements for the microcredential in Industrial Leadership are:

Course	Title	Credits
AE 305	Industrial Supervision ¹	3
AE 405	Industrial Leadership	3
AE 407	Industrial Organization and Function	3
Total Hours		9

¹ Students must have sophomore standing or be a current employee with manufacturing experience for enrollment in AE 305.
